

# ABDULLAH AL MAMUN FARHAD

## Full Stack Developer

- +88 01318764476
- farhadmiky@gmail.com
- github/AlMamunFarhad
- Bangladesh, Dhaka, Mirpur-1

As a full-stack developer, I build smooth and user-friendly web applications that not only work well but also feel great to use. I focus on combining fresh ideas with solid coding practices to deliver solutions that are simple, effective, and powerful. I work confidently with technologies like Laravel, PHP (OOP), Vue.js, RESTful APIs, AJAX, jQuery, HTML, CSS, Bootstrap, and Tailwind CSS to create secure, maintainable, and high-performance applications. Always eager to grow, I thrive on new challenges and enjoy contributing to forward-thinking, innovative teams.

## WORK EXPERIENCES

### Web Developer

Experienced in building responsive web applications using Laravel and Vue.js. Skilled in clean, maintainable code with strong focus on performance and user experience. Committed to delivering value through innovation and reliability.

- Eloquent ORM — efficient database interactions with elegant syntax
- Middleware — request filtering, authentication, and access control
- RESTful API Development — secure and scalable API integration
- Authentication & Authorization — secure user management
- Error Handling & Debugging — clean exception management
- Axios – fetching and handling API data effectively
- Directives (v-if, v-for, v-model) – handling conditional rendering and loops
- Lifecycle Hooks – controlling behavior at different stages of a component

### Web Developer

SoftMind Technologies | On-site | Oct 2022 - Aug 2023

Developed dynamic website features using PHP and OOP, enhancing performance and user experience. Actively contributed to core functionality by identifying and fixing issues during the build process.

### Freelance Front-End Developer

Remote | Nov 2023 – April 2024

Delivered 45+ front-end projects for global clients through both direct contracts and freelance platforms like Fiverr. Specializing in building clean, responsive, and user-focused interfaces using HTML, CSS, Bootstrap, and Vanilla JavaScript — ensuring smooth interactivity and consistent performance across all devices and browsers.

### Front End Developer

Tech Solutions | On-site | July 2021 - Mar 2022

Web Designer — Designed responsive interfaces for client websites, enhancing user experience and visual consistency. Boosted creativity, precision, and adaptability.

## PROJECTS

### GitHub Projects

Job Portal in Laravel | LaravelVue Inventory | OOP Project | Core PHP

## SKILLS

### Technical

Laravel | Core PHP | OOP | Vue.JS  
RESTful API | jQuery | AJAX  
MySQL | PostgreSQL | SQLite  
Git & Github  
Bootstrap | Tailwind | HTML | CSS  
Design and implement database structures  
Lead in delivering complex websites  
Develop efficient, maintainable, and scalable systems.

### Professional

Strong problem solver  
Team player  
Good time management  
Effective communication

## EDUCATION

### Udemy

PHP | OOP | Laravel | 2022 - 2024

### CodersTrust

Responsive Web Design | 2021 - 2022

### Raw Tech Society

Basic Web Design | 2021 - 2021

### Bachelor of Science in Chemistry

Joypurhat Govt. College | 2017 - 2021
